Electronic Meetings

Adopted April 2, 2025

In accordance with Utah State Law 52-4-207, the PVLAD may conduct a public meeting where some or all members of the board attend through an electronic video, audio, or both video and audio connection.

Requests by board members to attend remotely should be made to the chair of the PVLAD at least 24 hours prior to the scheduled meeting. Board members attending remotely are considered part of the quorum.

If all members of the board are attending remotely and there is no physical anchor location, access to connect remotely must also be provided to the public.

The meeting must comply with public meeting notification requirements which will include a description on how the public can connect to the meeting, if applicable.

Each member is responsible for their audio and Internet connections.

The chair may cause or direct the disconnection or muting of a member's connection if it is causing undue interference with the meeting. The chair's decision to do so will be announced during the meeting and recorded in the minutes.
