Overlay Zone Recommendations

Adopted July 23, 2022

The Pine Valley Local Administrative District (PVLAD) serves as the Pine Valley Overlay Zone review recommendation committee. The Overlay Zone was adopted by Washington County on July 19, 2022. It was developed by Pine Valley property owners over a period of nearly two years. It began with a survey to determine what characteristics defined our “sense of place” and should be preserved as the town grew. Community meetings followed. As the document was developed, drafts were sent to the community for review and input.

The goal of the Pine Valley Overlay Zone is: "To guide future development in a way that maintains the rural, historical and mountain village characteristics of Pine Valley and to preserve the open meadows, agricultural lands and scenic vistas."

Any complete applications submitted to the Washington County Community Development Department pertaining to the Pine Valley Overlay Zone, shall be reviewed by the PVLAD, which will provide a recommendation to the Washington County Community Development Department.

To be placed on the PVLAD agenda, an applicant must complete a Project Information Sheet (included in this policy) and a Site Plan at least 48 hours prior to the public meeting. We encourage in-person attendance, so any questions can be answered and additional information provided. If that is not possible, the applicant may join by phone or Zoom.

The following process will be followed:

- Applicant contacts County Community Development.
  - If for Building Permit, they are directed first to PVLAD
  - If for Land Use, they complete County’s Land Use Application and are then directed to PVLAD
- When applicant makes contact with PVLAD:
  - Give them date for next meeting
  - Inform them about deadline for Project Info Sheet and Site Plan (the Monday prior)
  - Inform them about Impact Fee - explained on General Info sheet
  - Inform them we will try to complete the recommendation that night or by Friday following at latest.
- Email them the following:
  - PVLAD/Overlay Info Sheet
  - Project Information Sheet
  - Overlay Zone Section from County Code
  - Pine Valley Welcome/General Information Sheet
- When Project Sheet is received, note date on the sheet to document.
- Immediately after meeting, collect Impact Fee (if applicable). Provide signed copy of Project Sheet with Recommendation to Applicant.
- Send copy of Project Sheet/Recommendation to
  - Washington County Community Development Office
  - Rick Peetz - PVLAD Clerk
  - Keep original PVLAD Records
