Community and Personal Use of Pine Valley Fire Department Assets

Adopted March 5, 2025

1. Fire Station Use

The Pine Valley Fire Station is an emergency services facility. The equipment stored on site is expensive and access is needed with very short notice. With this understanding and appreciating our role in the community, the station may be used for open public meetings and community activities. It is not available to rent and private functions are discouraged. Any non-PVFD use must be approved in advance by the Fire Chief and a member of the PVFD must be on site during the event. Organizers using the facility are responsible for preparation and clean up. No PVFD assets may be used for commercial purposes without the permission of the PVSSD board.

The portable tables and chairs stored at the fire station may be loaned for personal use, with a signed agreement (included at end of this policy) and a refundable $50 security deposit. Fire department personnel are not responsible for the loading and unloading of tables and chairs.

2. Personal Use of Computers, Printers and Photocopiers

Personal use of PVFD computers is prohibited for personal for-profit business, religious, political activities, or for personal financial benefit. Unauthorized software may not be installed or used on the computer. Offensive (i.e. pornographic), harassing, discriminatory, or illegal (i.e. gambling) activities are prohibited. Personal use of software and applications which disrupts or distracts the conduct of PVFD business due to volume, timing, or frequency is considered an unacceptable use of PVFD resources. Photocopiers and printers are reserved for PVSSD and PVFD use.

3. Use of Vehicles

PVFD vehicles should remainin a secure location when not in use. PVFD vehicles should not be used for non-PVFD purposes or to transport non-PVFD persons unless the reason is documented and approved by PVSSD. Personal use of vehicles, including commuting to and from work, will be treated as a taxable fringe benefit consistent with IRS Publication 15-B.

4. PVFD issued credit or purchasing card

Should a credit or purchasing card be issued to certain PVFD members to assist in handling PVFD purchases, these cards are to be used for PVFD related purchases only. Personal use of these cards is not allowed.
