C. Allocation of Donated Fire Funds for Homeowners Affected by the Fire – Bob

A discussion was held regarding the allocation of funds donated for residents who were displaced, suffered home damage, or incurred expenses during the evacuation. Approximately $22,000 is currently available, with an additional $20,000 expected from Dixie Power and Deseret Power. Bob moved to divide the donations equally among the 13 homeowners who lost their homes. Allen seconded the motion, and all were in favor.

D. Amendment to Budget Process Policy: Waiving Assessment and Impact Fees for Homeowners Affected by Fire – Emily

Emily suggested adding clarification to the policy amendment approved last month. The board discussed modifying the amendment, including the time limit for waiving the fee. Emily moved to update the policy and procedures, stating that the 13 homeowners whose homes were destroyed will receive a waiver of impact fees, valid for up to five years. If the property is sold, a new owner is not eligible for the waiver, regardless of the square footage. Allen seconded the motion, and all were in favor.

Update on Flooding and Mitigation Efforts - Mark Owens:

Tom reported on behalf of Mark Owens that surveying for the flooding and mitigation project will begin on September 8. Construction bids are expected to close in January, and the project must be completed within 200 days of the start, which is anticipated to be in late March or early April. This item will be added to next month’s agenda.

The report noted a total of 18 calls: seven EMS calls (one in Pine Valley and the remaining in Central) and 11 fire calls (two in Pine Valley, with the remainder in Central, Baker Campground, and Mountain Meadows). Several fire calls were canceled and did not involve an active fire. The report also indicated 332 volunteer hours, including 178 training hours, 12 equipment hours, 82 response hours, and 72 “other” hours.

G. Financial Report for August: To Be Presented at Next Meeting - Rick

H. Citizen Requests:

Bob proposed rescheduling next month’s meeting to October 8, following the PVLAD meeting, and adding to the agenda a consideration for moving future meetings to the second Wednesday of each month.

Lisa inquired about reseeding burned areas. Robert briefly discussed the planting and harvesting process, noting that the Forest Service would have information that could be shared. Bob mentioned that community members are willing to help with tree planting if possible. He also noted that his property contains a community firewood supply available for those in need, and any available firewood may be delivered there.

Marc reported that the fundraiser dinner committee met the previous evening. They plan to allocate funds for asphalt around the fire department and for rocks by the flagpole. The committee will also discuss how to utilize funds to support fire victims and coordinate with the SSD’s plans.

Steve asked about the possibility of obtaining a grant for a new ambulance. Robert responded that receiving a grant is a very realistic possibility. Steve emphasized the importance of working diligently to secure funding for the ambulance.

Allen moved to adjourn the meeting, Emily seconded the motion, and all were in favor. The next scheduled PVSSD meeting will be on October 8, 2025.
