D. Board Member Reports:

Allen reported a meeting with the county commissioners, community development, JMI Constructors, county attorney, public works director, and community development director about Pine Valley Community Center. They recognize that the Pine Valley Chapel may not be available soon for community events. They reviewed specifics from previous meetings and the Forest Service's request to have the county visit them regarding a land swap. They discussed how to purchase the property or a land swap. Allen will follow up with Commissioner Iverson regarding the progress.

Emily provided a list of items identified from the Little Manual for Special Service Districts and requested a meeting.

E. PVSSD Policies/Practices to Consider

Bob and Allen met with Rick and LaDawn to clarify duties.

1. **Clarification of separation of specific financial/clerical duties**
   Financial and clerical responsibilities were discussed. It was agreed that LaDawn would be the treasurer and Rick, the clerk, except that LaDawn would continue with the agendas and minutes. Bob suggested an increase in salary for LaDawn to match Rick's. Allen and Bob will conduct a quarterly bank consolidation/balancing meeting with Rick and LaDawn.

2. **QuickBooks backup storage and access**

QuickBooks will now be online for the clerk and the treasurer, and others on the board will have access to review the data.

3. **Use of debit card**
   The use of a fire department debit card was discussed. Bob and Allen are uncomfortable with the use of a debit card, the internal control, etc. It was decided that the current process is better for receipts and reimbursements.

   Bob moved to adopt the duties and title changes for Rick and LaDawn and equalize the compensation at the higher level. Allen seconded, and all were in favor.

F. Fire Department Report:

Marc Rose presented the Fire Department's statistics for December. The department reported ten callouts, all EMS except one fire callout. Two EMS calls were in Pine Valley, and the remaining were in Central. The department recorded 352 volunteer hours.

Emily asked Marc about the extraction device and a donation mentioned in December's meeting. Due to the tax exemption status, the donation was not possible.

Bob asked Marc if Central had more calls than Pine Valley. Marc will report back with a year-end 2024 report. Bob asked it to be on next month's agenda.

G. Treasurer Report:

Rick provided the financial reports for the board review two days prior and asked if there were any questions. Rick mentioned the cost of the online QuickBooks subscription and a donation from the Elks Club. Allen moved to accept the financial report, Bob seconded, and all were in favor.

H. Citizen Requests:

Herman had suggested and sent to the board that anyone who donates more than $10,000 or any amount approved by the board to the fire department be exempt from paying the annual fire assessment fee. Steve suggested we discuss who would be exempt from the fee yearly in our meeting if a donation was provided. Emily noted that this may complicate things. Donations are not given to save on an assessment fee. This will be added to the February agenda.

Bob moved to adjourn the meeting, Allen seconded the motion, and all in favor. The next scheduled PVSSD meeting will be on February 5, 2025.
