Building Permits to Review

There were no new Building Permits, but Dwane Ovard from S Sage Road needed signatures on his Permit to update a wall at his home.

Budget Review: A discussion of the budget was started this meeting with the final vote on the budget next meeting. Rick brought up the fact we are spending more money than we are bringing in. Allen mentioned we had discussed this earlier this year. Our Fire Assessment fee we use for most of our budget is $150 a year for lot with building, but with the money we are spending, it should be $180. We have been at $150 for the last ten years. Another fee we use for our budget is the impact fee on new builds. Steve asked what other towns ae doing? Allen also mentioned adding into the budget more money for service and maintenance on vehicles. Allen made a suggestion that if we are good stewards we should offer a budget in the perimeters of the resources we collect. It was also brought up we could put an assessment on vacant lots. Mary Esther suggested having Rick make a list of building lots for next month. Allen also mentioned we should also look into new fire hydrants. We also should add it to the budget for updating two of the fire hydrants each year. Rick will discuss with Steve about maintenance around the Fire Station and other repairs. There is one possibility to have the County of Washington add a percentage to taxes as is

done in other communities. We will look into this. Dall asked if we could increase the fee to $180 at our meeting next month when we vote on the budget. Dall motioned to raise the fee to $180, Allen seconded, and all were in favor. Mary Esther will go to the County to talk about what we can do to have the County add a percentage fire assessment fee to the tax bills as they do in other communities.
