Board Member Reports:

Mary Esther: Mary Esther brought up for discussion the subject of building fees for Pine Valley. Mary Esther said that we need to send a copy of the letter dated August 15, 2011, regarding "Update to Pine Valley Special Service District **Impact Fee Letter"** to the Washington County Building Dept. * Mary Esther said that Vicki Frei and Beverly Udell have posted all the minutes of past meetings of the PVSSD to the Washington County/Pine Valley web site.

Dall Winn: Dall Winn stated that the installation of fire hydrants has been approved and that we need to determine the number required, their location and bids for installation. Steve Shakespeare said at least four are needed and that an assessment will be done in the spring to determine the appropriate number and locations. He said that three bids will be obtained at that time. Dall Winn said that there is a Pine Valley memo with the understanding that costs will be paid for the by homeowner or developer.

Jeff: Jeff Gardner commented that there has been good snow removal in the valley after the last two storms.

John: John Nichols mentioned that there is a lot of digging going on at the three story home of Jason Rogers and asked if there are any building plans for this activity. Fred Pendleton will check on the situation. Steve Shakespeare asked if one can dig on one's own private property. It was the consensus that such activity would be okay so long as it would not interfere with the proper function of public property

Fire Chief Report: Gerald - See attached report. * Gerald Schiefer submitted Chief's Report 5 Feb 2014. Itemized incidences during month of January including training attendance records, volunteer hours for Fire Dept and training schedules. Purchased stabilization gear from L&N Curtis; negotiated price of $6,000. Purchased new emergency generator, wiring has been installed. Pine Valley now has emergency power capability. The Chief thanked Gene Phillips and Ford Northington for their assistance with this purchase. Chief announced that Cameron of Enterprise EMTs has rendered his resignation. Chief will notify Board when a replacement has been selected.

Treasurer Report: George Cropper provided the Profit & Loss Statement for January 2014. Dall Winn proposed that a separate accounting be established for Grant funds which are currently being included in the General Fund.

Mary Esther made a motion that a new computer be purchased for George Cropper in view of the fact that his computer is several years old. Jeff Gardner seconded. Motion passed.

George said that state law says we should have a purchasing policy in accordance with state law policy and procedures. He suggested that the Board adopt a policy or accept state statutes for purchases made. Generally speaking, for purchases up to $500 approval by the Board would be appropriate; purchases between $501 and up to $2,000 should require price quotes from at least two vendors; purchases between $2,001 and $50,000 should require written proposals by three vendors and any purchase above $50,000 should go out for competitive bids. He will prepare a draft for review by the Board.

Jeff made motion to adjourn at 7:30.
