Fire Chief, Dall Winn reported on the following items:

- the department has made most of the purchases with the grant money. We have expanded the shelves and hangers for the new turnout gear.
- we have received another $938 grant on a 50\50 matching share from the State of Utah. We can use labor as matching funds for our share of the grants.
- work is ongoing to prepare application for this year's State, BLM, and FEMA grants. He had been to a training meeting on these grants.
- we have three EMT's trained and operational in Pine Valley; they are on a separate paging system operated on the 911 system, and they have been getting some call outs.
- we have been getting very good turnout to our department meetings. Regular training will be this Saturday. Five volunteers have attended Wildland Fire Training at Newcastle, Utah.

A member of the audience asked if there had been any fires. Dall said that there were usually several Wildland Fires each year.

Steve discussed a broken fire hydrant on Sage Road and the need to install another one as has been planned. He will contact the Pine Valley Irrigation Company and get this work going. The Pine Valley Irrigation Company may be requested to get a different contractor.

Fred Pendelton, representing the Pine Valley Historical Committee mentioned that he had received 91 of the survey questionnaires back so far. This is 20% of what was sent out and is a good response this early. Fred will summarize the ATV question data and forward that to Ron and Victor. The board discussed the need to prepare an ATV, OHV, (Off Highway Vehicle) Pine Valley Ordinance proposal and present it to the Washington County Commission. We also need to

include other forms of motorized recreational travel including snowmobiles. Ron said we will then schedule a meeting to get public input on the matter.

Steve Robinson reported that the Washington County Planning and Zoning work on Sexually Oriented Business locations was proceeding. Three potential sites have been identified and will go forward to a public hearing. None of them are in Pine Valley.

Ron mentioned the new concrete barricades on the entry highway. We are glad to have them and he has asked that the Washington County Road Deptartment extend the ends in the future.

There being no further business, Lee moved to adjourn the meeting. The motion was seconded by Victor and carried. The meeting adjourned at 6:40 pm.
