Board Member Reports:

1. Steve noted that several people have mentioned the public safety issue of walking on main street with traffic due to the narrow street, especially between the Brandon Iron and the park. He would like to approach the county regarding the issue. Emily commented that there had been communication with the county regarding a walking path; they said they would support it, and funds were available. Emily and Rick will locate the contact person. Bob suggested this item be placed on the PVLAD May.
2. Steve mentioned the county is starting to grade the roads.
